

AGENDA

APHIS VETERINARY BIOLOGICS PUBLIC MEETING

MONDAY, APRIL 7, 2008

10:30 Registration

1:00 Welcome and Introductory Remarks – Dr. Rick Hill, Center for Veterinary Biologics

VS Activity Updates - Mr. Steven Karli, Moderator

1:15 Dr. Randall Levings, Veterinary Services
Update on Veterinary Services Activities

1:45 Dr. Elizabeth Lautner, National Veterinary Services Laboratories
NVSL Updates

2:15 Dr. Thomas Bunn, National Veterinary Services Laboratories
Ames Modernization Project

2:45 BREAK

3:15 Colonel Timothy Stevenson, Department of Defense
U.S. Army Veterinary Service's Avian Influenza Playbook

3:45 Dr. Larry Elsken, Center for Veterinary Biologics
National Veterinary Stockpile

4:15 Question and Answer Session

TUESDAY, APRIL 8, 2008

8:00 Announcements and Housekeeping Issues

Overview of Influenzas Across Species - Dr. David Siev, Moderator

8:05 Keynote Speaker, Dr. Richard Webby, St. Jude Children's Research Hospital
Influenza

9:00 Dr. Carol Rubin, Centers for Disease Control and Prevention
Influenza – Anima- Human Interface

9:30 BREAK

10:00 Dr. David Swayne, Agricultural Research Service
Avian Influenza: HPAI Outbreaks and Control Methods

Pathogenesis of Avian Influenza in Chickens and Ducks

11:00 Dr. Randall Levings, Emergency Management and Diagnostics
Avian Influenza - Emergency Management in HPAI Outbreak Situation

11:30 Dr. Bruce Carter, Center for Veterinary Biologics
CVB Policy Regarding Regulations for the Licensure and Distribution of Avian Influenza (AI)
Vaccines

11:45 Question and Answer Session

12:00 LUNCH and Poster Viewing

TUESDAY, APRIL 8, 2008

Overview of Influenzas Across Species, continued - Dr. Donna Gatewood, Moderator

1:30 Dr. Brad Fenwick, University of Tennessee

Evidence-based Prevention and Treatment of Infectious Canine Respiratory Disease:

Special Reference to Influenza

2:15 Dr. Brian Erdahl, Center for Veterinary Biologics

CVB Policy - Canine Influenza

2:30 BREAK

3:00 Dr. Thomas Chambers, University of Kentucky

Equine Influenza: Recent Developments

3:45 Dr. Bruce Janke, Iowa State University

Current Status of Influenza in Swine in the United States

4:30 Dr. Pat Foley, Center for Veterinary Biologics

CVB Regulatory Update – Equine and Swine Influenza

4:45 Question and Answer

WEDNESDAY, APRIL 9, 2008

8:00 Announcements and Housekeeping

Vaccines as Pre-Harvest Intervention - Dr. Byron Rippke, Moderator

8:05 **Dr. Byron Rippke, Center for Veterinary Biologics**
CVB Perspective of Vaccines as Pre-Harvest Intervention

8:30 **Dr. Emilio Esteban, Food Safety and Inspection Service**
FSIS Perspective of Vaccines as Pre-Harvest Intervention

8:50 **Dr. Mandy Carr, National Cattlemen's Beef Association**
NCBA Perspective of Vaccines as Pre-Harvest Intervention

9:15 **Dr. Evelyn Dean-Nystrom, ARS**
Early Attachment Sites for STEC O157:H7

9:45 **BREAK**

10:15 **Dr. J.M. (Mick) Bosilevac, Agricultural Research Service**
Sources of E. coli O157:H7 and Interventions to Reduce/Eliminate Pathogens
On Beef

11:00 **Dr. Guy Loneragan, West Texas A&M University**
Pre-Harvest Control of E. coli O157:H7

11:45 **Dr. James Keen, University of Nebraska**
Discussant
