

I. Duties and Responsibilities:

A. Duties:

The incumbent performs a variety of quarantine enforcement duties in support of a Veterinary Medical Officer at Commercial Bird Quarantine facilities. Specific duties may include, but are not limited to, the following:

1. Monitors the entry of persons into the facility to insure that only authorized personnel gain access. Places Official Government Seals on the premises to prevent unauthorized entry after regular business hours.
2. Maintains count on the number of dead birds throughout the quarantine period. Each day, places dead birds into the refrigerator for proper submission to the laboratory.
3. Assists the Veterinary Medical Officer in the disposal of Newcastle Disease infected birds according to prescribed procedures.
4. Assists the Veterinary Medical Officer in the cleaning and disinfecting of premises prior to and after the release of birds from quarantine.
5. Assists in the removal of debris and garbage from the quarantine facilities after release of healthy birds because of VVND.

B. Responsibility for the Work of Others: None.

II. Supervision Received :

The incumbent works under the direct supervision of the Veterinary Medical Officer in charge of Commercial Import Bird Facilities.

(This standard job description cites the primary and typical but not all-inclusive duties of the position.)
